Use 2–3 prompts; answer with specifics from your IA.

1. What methods used by historians did I use (corroboration, contextualisation, source evaluation)?

2. What limitations did my source base create?

3. Where did interpretations conflict, and what did that show about history as a discipline?

4. Difference between bias and selection—where did it matter in my IA?

5. Should value judgments be avoided in historical writing? How did I handle this?

This image shows a blank sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
